

RACK SAFETY AWARENESS COURSE

Due to the success of our 2018 training course, we are now once again offering the opportunity to attend our SEMA Rack Safety Awareness Course.

Location:	Elevate Storage Solutions, 12 Trench Road, Mallusk, Newtownabbey, BT36 4TY
Course Dates:	Tuesday 22nd or Wednesday 23rd January 2019 (1 Day Course)
Trainer:	Mr Steve Cowen – Approved SEMA Trainer
Time:	10.00am – 4.00pm
Price:	£320.00 + VAT per delegate

COURSE PROGRAMME

The course covers an in-depth look at the need for rack safety inspections, how to conduct an assessment and what actions to take on completion. It references the SEMA codes of practice and industry standards and reviews current legislation. Recommended reference texts are also given on the course.

Course details as follows: -

RACK INSPECTIONS

- The need for rack inspections & Legislative requirements
- Types of inspection
- Frequency – how often should you inspect racking?
- Records to be kept

RESPONSIBILITIES

- Who is responsible for what?
- Requirements of different types of storage systems
- Use of ancillary equipment
- Particular end user responsibilities
- Responsibilities of the original equipment supplier

RISK ASSESSMENTS

- Different levels of risk
- How to manage the risk
- What to look for during the inspection
- Loading configurations
- Action points and corrective measures

FURTHER INFORMATION

- Lunch and refreshments will be provided for all delegates.
- Course notes and course certificate will be provided upon completion of the course.

LOCATION

- We are located just off the M2 Sandyknowes roundabout.
